A Life Centred

Within the trappings of a cosmopolitan city,
it's easy to forget what truly matters.

The simple exuberance being out under the sun,
the warmth on our skin, the radiance we see,
even under closed eyes.

Embraced by large, natural stretches of green,
living in one of the greenest residential estates
makes every day unlike any other in our city

where the canopies of an oasis larger
than life feel almost like a private,
sacred retreat of your very own.

The familiar rustle of breezes meandering
through the trees and our hair,

as we sit, our bodies one with the ground,
our heads one with the sky.

Such is the intrinsic serenity
the natural world brings.

In the wonderfully lush enclave of Upper Bukit Timah,
we remember what matters again.

Within this time-honoured, serene suburb,
step into a sanctuary that seeks to be your centre.

A thoughtfully crafted landscape of multi-sensory experiences
and spaces that allow you to be one with all that truly matters.

A home centred around
contemporary luxury and opulence,

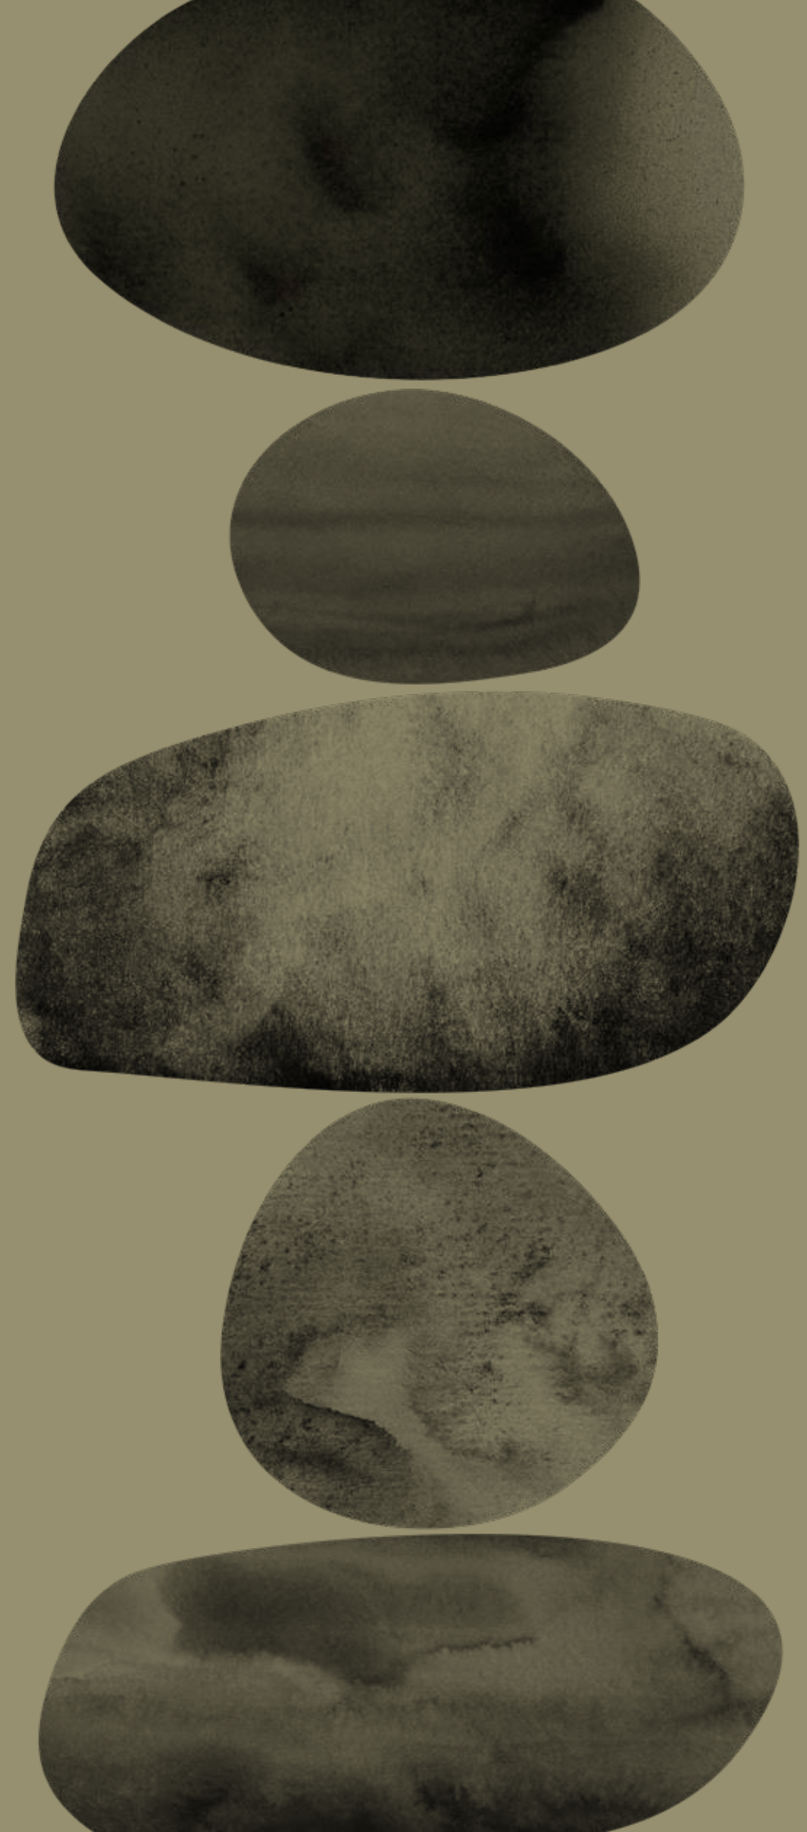

where one finds equilibrium and balance
in the soft richness of life.
